# Background and Aim

- Programme of Prime Minister Sanna Marin's Government 10 December 2019
  - “Improvement of traffic safety will again be included in the development of the transport system and services”
- All modes of transport are included
  - Road traffic
  - Railway
  - Water traffic
  - Aviation
- The aim is to improve traffic safety holistically and to create conditions for the safe development of transport in the future
- The strategy is set to run until 2026.

# Preparation of the strategy

- Steering group and three working groups:
  1. Road and rail traffic
  2. Water traffic
  3. Aviation
- The working groups must prepare a proposal for the Transport Safety Strategy and proposals for measures to implement it
- Traffic safety will be addressed especially in the light of:
  - Attitude, know-how and ability
  - Digitalization, automation and cybersecurity

# Road safety

- Themes discussed in the working group:
  - Different age groups
    - Older adult drivers
    - Young drivers
  - Serious injuries
  - Suicides in road traffic
  - Statistics
  - Micromobility
  - Cycling
  - Alcohol, drugs and traffic safety

# Railway

- The main focus is on train traffic, but metro traffic is also taken into account
- Themes discussed in the working group:
  - Suicides in the railway
  - Unauthorized entry
  - Grade crossing
  - Metro traffic
  - Digitalization, automation and cybersecurity

# Water traffic

The strategy focuses on yachting and boating.

- Themes discussed in the working group:
  - The effect of safety communication
  - Lack of boating and yachting skills
  - Attitude towards alcohol use in yachting and boating
  - Financing of water safety work

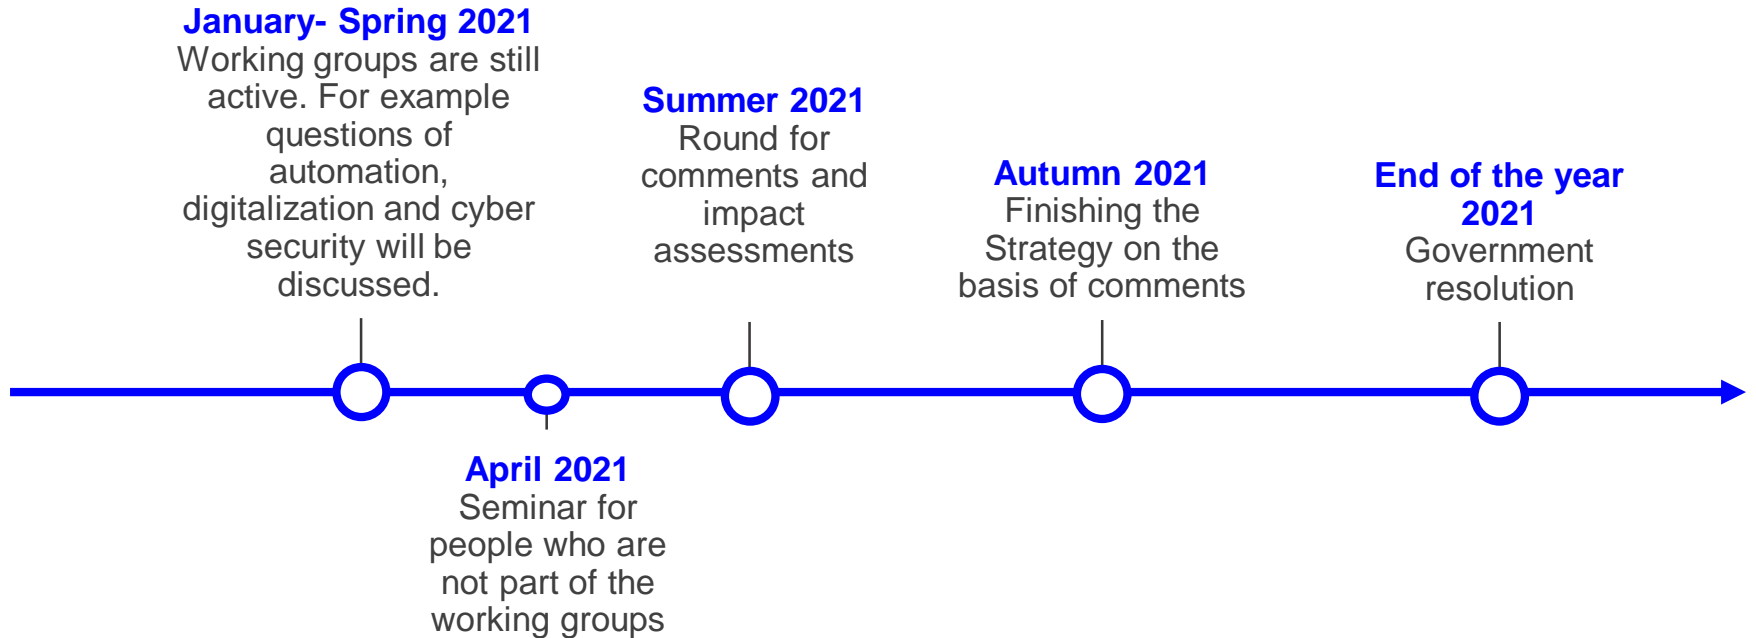

# Aviation

The strategy focuses on unmanned and light aviation.

- Themes discussed in the working group:
  - Ignorance and unawareness of the rules
  - Training requirements
  - Just culture in aviation

# Next steps

A photograph of three children on the deck of a sailboat. They are wearing life jackets and looking out at the sea where another sailboat is visible in the distance. The scene is bright and sunny.
